

Longacre Elementary Family Tree Banner Guidelines

Family Tree Banners are a great way for our Longacre students to remember their amazing family at home while they're with their Longacre Family at school! The banners are hung up in the cafeteria and the students love to see their Family Tree while enjoying lunch with their friends. Please follow these guidelines when creating your Family Tree Banner.

1. The "base" of the banner is a tree; no other designs are permitted. Banners that do not look like a tree will be returned home and will not be hung. A new banner can be made and hung the following year.
2. Include all Family members, including younger siblings, as the banners will remain hung until the youngest child leaves Longacre.
3. Add your Family Name to the banner so that your child can identify the banner when it is hung.
4. Banners that are taken home must be returned the first day of school to ensure they are hung this school year. Late banners will be held until next fall.
